

## Appendix

This is the Appendix to the paper *FactCheck: Validating RDF Triples using Textual Evidence*.

Tables 6 and 7 show the results of FACTCHECK on all FactBench sub sets with ClueWeb and Wikipedia as reference corpora, respectively. Tables 8 and 9 show the results of DEFACTO on all FactBench sub sets with ClueWeb and Wikipedia as reference corpora, respectively. Table 10 shows the results of FACTCHECK when using various feature sub set evaluation techniques.

Table 6: Classification results of FACTCHECK on ClueWeb corpus

	Domain					Range
